A resolution adopted at the 2002 Multiple District 21 Midyear Conference gave direction to completely revise the Constitution and Bylaws of the Multiple District and the Procedures Manual. This task was assigned to the MD21 Standing Committee on Constitution and Bylaws.

This manual has been designed to assist and inform Multiple District Officers and Committee members on how to properly carry out their duties and responsibilities as set forth within the Constitution and Bylaws. This document should be used to the end that the Objects and Purposes of Lionism are adequately and properly served.

All requests for amendments or revisions in the Policies and Procedures Manual shall be submitted to the Constitution and By-Laws Committee for review as the need arises. After reviewing the proposed amendments or revisions, the Committee will submit them to the Council with their recommendations. All changes shall be acted upon and approved by the sitting Council no later than the last Council meeting of each fiscal year. Implementation shall take place immediately following the meeting at which the changes were approved by the Council. The Policy and Procedures Manual, in CD format, shall be issued to every in-coming Council Chairperson, District Governor elect and Vice-District Governor elect at the District Governors School conducted by the MD-21 Leadership Committee, prior to the International Convention of each given fiscal year.

The guidelines established in the MD21 Policy and Procedures Manual are easy to understand and it is intended that this will permit future Councils to benefit by the experience of Past Councils and of the international Officers who have been elected from Arizona. It is essential that the MD21 Council provide a sound and stable operation in the Multiple District for continued growth and strength.

POLICIES AND GUIDELINES FOR THE MERL COMMITTEE
MEMBERSHIP - EXTENSION - RETENTION - LEADERSHIP
(ORIENTATION - WOMENS INITIATIVE)

Lions Clubs International recognizes the MERL part of MERLOW. The individual District Governors may elect to add the “OW” segments in any given year. If any one of the District Governors so elects, the Multiple District also has the option of including that position as part of the Multiple District team.

1. Objective:

The MERL Team brings together the four key functions responsible for providing leadership, action planning, and training to clubs and districts in support of membership growth. The MERL Team, in close coordination with the district governor and cabinet (or council chairperson and council at the multiple district level), is responsible for (1) implementing membership growth plans to increase the number of quality new members entering the association, (2) establishing, nurturing and developing new clubs, and (3) organizing leadership programs to both develop club and district leadership talent and to improve the retention of existing members.

2. Structure:

The core structure of the MERL Team includes the following committee chairpersons: Membership, Extension, Retention and Leadership Development. Districts and Multiple Districts may add or subtract chairpersons to the MERL Team as deemed necessary for local membership development needs, though the phrase “MERL Team” shall be the common term of reference in LCI communications.

3. Appointment and Term of Office:

- a) Single/Sub-District: Given the need for continuity, committee members shall be appointed for a term of three years subject to annual confirmation by the district governor. The district governor is responsible for appointing MERL Team members when vacancies exist or terms expire.

The MERL Team shall have a chairperson (the District MERL Team Coordinator) who will help foster teamwork across the four disciplines, liaise with the district governor and cabinet, and promote awareness and action in support of district-wide membership development activities. The District MERL Team Coordinator will be the District’s First Vice District Governor.

- b) Multiple District: Given the need for continuity and the time required for training sub-district MERL Teams, the multiple district team members shall be appointed for a term of three years subject to annual confirmation by LCI. The council of governors is responsible for selecting MERL committee members when vacancies exist or when terms expire and recommending them to LCI for appointment.

The Multiple District MERL Team shall have a committee chairperson (the Multiple District MERL Team Coordinator) who will foster team work, liaise with the council of governors, organize training programs for the sub-district MERL Team, and provide awareness and motivation in support of multiple district-wide membership development activities.

- c) Vacancies and Reappointments: In the case of unsatisfactory performance of duties, the district cabinet (or council of governors in the case of the multiple district) may appoint a new MERL Team Member (s) before a term expires. Reason for the appointment of a new member (s) shall be detailed in writing to the Leadership Division or Extension and Membership Division as appropriate at LCI headquarters along with a plan for orienting the new team member.

For the purpose of continuity, and given that most membership initiatives require several years to produce results, changes in team members should only be considered when performance and commitment is clearly below expectations.

MERL Team members may be reappointed for additional terms provided that performance and level of commitment support such action.

LONG RANGE PLANNING COMMITTEE

1. PURPOSE: The purpose of this committee is to provide an approach to imaginative but well-informed planning that will help Lions Clubs to enhance their effectiveness as a membership organization. It is not to provide a specific long range plan or blueprint for the future. Such a plan, if it is to be effective and meaningful, can only be formulated by the Long Range Planning Committee of the Multiple District.
 - a. **“If it isn’t broken, don’t fix it.” is a commonly quoted saying.** The message of this maxim is to leave well enough alone; get carried away by a well-intentioned desire for improvement, the conventional wisdom implies, and you risk breaking something that works.
 - b. On the surface, applying such a rule of conduct to Lions Clubs would seem perfectly sensible. After all, if clubs have been operating happily for decades, why tinker with success? In change there is risk and no guarantee of improvement.
 - c. But maintaining the status quo also runs significant and perhaps even greater risks for two important reasons:
 - (1). The world and the environment in which Lions Clubs operate are changing.
 - (2). The world and the environment in which Lions Clubs operate are competitive.
 - d. By providing a framework for key issues and acting as a catalyst, long range planning is basically a method of managing change, taking advantage of opportunities, avoiding potential problems and being prepared for the future. Businesses and corporations long have understood the need to move forward and be competitive. Lions Clubs International, too, has understood this need and has invested resources of leadership and expertise in long range planning. To stay ahead as the world’s leading service organization, Lions Clubs need continuously to improve.
 - e. There is much a Multiple District can do through intelligent planning to make clubs more dynamic and responsive to the community and to members. As a suggested procedure, the following steps might be considered.
 - (1). **Understand the mission.** Know the purpose of Lions Clubs and why they exist. The mission should be externally focused, reflecting how clubs are viewed by the community, and unique, making Lions Clubs distinctive from other organizations with similar objectives.
 - (2). **Know the values on which Lions Clubs are based.** Specifically, refer to the Association’s Objects and the Lions Code of Ethics as guides in fulfilling the mission.
 - (3). **Be aware of the environment in which Clubs operate.** Identify the economic, political, demographic and other social factors that influence the success of Clubs, and recognize both opportunities and potential pitfalls.
 - (4). **Set future objectives.** Ask, “Where should Lions Clubs be in five, ten and twenty years from now?” Formulate a vision of Lions Clubs of the future.
 - (5). **Plot a course of action.** Establish a systematic plan to implement desired changes. An action plan is an essential part of every long range strategy. It should include specific recommendations for reaching goals, a time table, and a means of evaluating whether objectives have been met. Generally, a time frame of 2-5 years is suggested for completing a long range objective.
2. THE MULTIPLE DISTRICT LONG RANGE CHAIRPERSON APPOINTMENT: The Board of Directors of Lions Clubs International has officially approved the position of Multiple District Long Range Planning Chairperson . Accordingly, the Council shall appoint a qualified Lion to the

position. The name and address of the Chairperson for the coming year should be reported to the International Headquarters Office by June 30 annually, using the Multiple District Chairperson Report Form that is provided in March/April to the Council Chairperson.

The appointee shall be a Lion who possesses extensive Lionistic experience, demonstrates strong leadership qualities and is committed to the future success of Lionism. Professional experience in organizational planning can be helpful but is not essential.

3. **DUTIES:** The duties of the Multiple District Long Range Planning Chairperson include:
 - a. Review what has been done by the predecessor committees.
 - b. Plan the goals and activities of the committee for the entire year. Confer with committee members as to the goals the committee is to accomplish.
 - c. Provide committee members in advance with a detailed agenda of committee meetings, including meeting time and place.
 - d. Be responsible for obtaining relevant background information on any subject on the agenda of the committee.
 - e. Make certain each committee member receives all information, both pro and con, relating to issues on the agenda.
 - f. Preside over meetings of the committee, ensuring that adequate minutes are kept of each meeting and distributed to each committee member and the Council.
 - g. Act as liaison between the committee and the Council.
 - h. Keep the Council informed and familiar with the activities and progress of the Committee.
 - i. Report committee recommendations to the Council as requested.
 - j. Turn over all the records and papers to the successor Chairperson

4. **ANNUAL REPORT:** A brief report summarizing the actions of the Long Range Planning Committee will be submitted by the Chairperson to International Headquarters annually. The report will mention current planning activity and progress on items adopted in previous year as part of the Plan of Action of the Multiple District. The report is to be submitted no later than August 15 following the end of the fiscal year and addressed to:

Executive Services Division
Lions Clubs International
300 22nd Street
Oak Brook, Illinois 60521-8842 USA

5. **COMMITTEE COMPOSITION:** The Long Range Planning Committee shall consist of six (6) Lions, two (2) from each District. Initially two (2) were appointed from District 21A for (1) year, two (2) appointed from District 21B for two (2) years and two (2) appointed from District 21C for three (3) years. Subsequent appointments shall be for three (3) years as the vacancies occur. The Council normally shall appoint the Chairperson from those with one year remaining.
 - a. Appointments to the Committee will meet the following three objectives
 - (1) Members will consist of Lions representing broad Lionistic and Professional experience.
 - (2) Lions who know and can represent and provide input from their District and whose knowledge and experience is respected.
 - (3) Members must be willing to serve for three (3) years to provide continuity of effort.
 - b. The Committee will meet at least four (4) times a year or more frequently as requested by the Council.

6. METHOD OF LONG RANGE PLANNING:

- a. **SUBJECT MATTER:** Any subject dealing with an activity, objective or initiative projected to affect Lionism within the Multiple District or Lions Clubs International may be considered as an appropriate topic of study for the Committee. Examples might include: membership development, major service or fund-raising projects, leadership development and training, administrative support to Clubs, public relations, finances, conventions, redistricting and others. Such topics are normally submitted by the Committee Chairperson for approval by the Council or may be referred to the Committee by the Council.
- b. **ACTION PLAN:** The Committee will develop an action plan, consisting of an objective, a time frame in which to accomplish it and determination of who will be responsible for undertaking it as a means for evaluating the success. The plan will be submitted to the Council for approval and possibly the delegates at a Convention for adoption.
- c. The Committee objectively will define the issue to be studied. For example, if the issue is heightening public awareness of Lions Clubs within the Multiple District, the question for study might be, "Should a public information program be undertaken in the Multiple District?" Then a background summary of the issue should be provided. I.E. the current level of public awareness should be examined, based upon previous public relations efforts. The next phase is a discussion of the arguments for or against the issue and based on a consensus of opinion a conclusion should be reached upon which a recommendation would be made. Such recommendation will become a part of the suggested action plan.
- d. **IMPLEMENTATION:** The suggested time frame for completing an objective in a long range plan is 2-5 years. Measurements of results is important in evaluating whether or not a goal has been reached. Goal statements are only meaningful if they have quantified objectives that define their accomplishment in a given time period. Such objectives are unlikely to be reached unless specific strategies also have been formulated to achieve them.
- e. Finally, it is important to emphasize that whereas the purpose of the Committee is essentially to "brainstorm" and make recommendations, it is not to decide whether the plan will be adopted or implemented. That decision is for the Council and possibly the delegates at a Convention.
- f. Though the role of the Committee is largely advisory, the Committee is vital to the success and development of Lionism within Multiple District 21. Successful planning will move the organization forward, to manage change for the benefit of the organization and to keep Lionism relevant to the communities in which Clubs operate.
